

## **2016 WOTCPA Changes -**

**OLYMPIC AVERAGE** – The Olympic average will not be calculated. Riders will keep ALL points received in a given penning season.

**NO TRASH** - If an unassigned cow (trash) crosses the cattle / start line at any time during the run, the team will be disqualified. Cattle will be judged over the cattle/start line when all four feet are over the line.

**FINALS** – All riders at finals will be expected to pay an admin fee.

**POINTED PENNINGS** – The 2016 penning season will host 10 pointed pennings, plus the fun day (at George Holm's) and the 2-day penning (at the Graham's).

**RIDE LIMIT/COMPUTER PROGRAM** – The new computer program catches all riders who ride over the ride limit in each class. Making this error effects the administrative people, with a time limit to get all teams typed into the program it delays their work. Therefore, any rider who riders over the ride limit in any class will not receive his/her money back or get to ride on the team. The other two teammates will be allowed to find another rider who has not rode over their ride limit, this person will be expected to pay the normal class fee.

## **REMINDERS –**

- All dogs must on leashes.
- All team penners are expected to run the gate for one class during the 2016 penning season.
